

GABI JOIAN

Full-stack Web Developer Specializing In Modern Web Technologies And AI Integration. Passionate About Building Sleek, Responsive Interfaces And Smart Web Applications That Deliver Measurable Impact.

PROFESSIONAL SUMMARY

Full-Stack Web Developer & AI Enthusiast who builds websites and apps that **work fast, look good, and are easy to use**. Experienced in creating **tools and systems** that help clients manage content, connect with other software, and improve overall user experience. Passionate about solving problems, writing clean code, and delivering results that people actually notice.

EXPERIENCE

Full Stack Web Developer, 2024 to Current
Freelance Web Developer - Rm. Valcea (Remote)

- Used Javascript, SQL and HTML to develop app-solutions.
- Increased website performance by optimizing front-end and back-end code for faster loading times.
- Applied responsive design principles to ensure consistent display and functionality across a wide range of devices, including mobile phones, tablets, and desktop computers.
- Created easy-to-use APIs for third-party integrations, enhancing the functionality of existing applications without compromising on performance or security.
- Developed customized content management systems tailored to specific client needs, enabling efficient content curation without sacrificing flexibility or ease-of-use for endusers.
- Developed efficient and maintainable software according to business objectives and needs of clients.
- Reviewed code, debugged problems, and corrected issues.
- Used NodeJS and SQL/No-SQL to develop and manage databases.
- Worked with back-end developers to design APIs.
